

2025 - announcement

The map shows the western coast of Norway, with a grid of latitude and longitude coordinates. The study area is highlighted in red and green, indicating the locations of the study sites. The map includes labels for various locations such as Måløy, Florø, Bergen, Haugesund, Stavanger, Sandnes, Farsund, and Trondheim. The study area is located in the western part of the country, near Bergen and Stavanger.

This map displays the Lofoten and Vesterålen region in Norway, overlaid with a 10x10 km grid. A red outline delineates a specific area of interest in the central-eastern part of the region. The grid cells are numbered, with the red-outlined area covering cells 6703, 6704, 6705, 6706, 6707, 6708, 6709, 6602, 6603, 6604, 6605, 6606, 6607, 6608, 6609, 6610, 6503, 6504, 6505, 6506, 6508, 6509, 6402, 6403, 6404, 6405, 6406, 6301, 6302, 6303, 6304, 6305, 6306, 6201, 6202, 6203, and 6204. Numerous place names are labeled, including Aasta Hansteen, Berling, Dvalin, Heibrun, Jittergryta, Kristin, Maria, Trestakk, Tyrfans, Mikkel, Halten Øst, Håme, Nord Draugen, Fenja, Ormen Lange, and several others. The map also shows the coastline and surrounding waters.

The map displays the Arctic region with a grid of latitude and longitude lines. A red outline delineates the proposed Arctic Council area of interest. Key locations marked include Tromsø, Hammerfest, Vadsø, Kirkenes, and Johan Castberg. The map also shows various islands and coastal features.

- The maps show licenced acreage within the APA boundaries as of May 9th, 2025. These areas can change during the application period.
- The Norwegian Offshore Directorate's interactive Factmaps (Norwegian Offshore Directorate's homepage) contain daily updated information showing the current area available for application.
